Special Review Pricing! Just .99! Mothers come in all shapes and sizes. But no matter what your mom looks like - you're pretty sure that she'll love and protect you no matter what. In the animal kingdom, it makes a big difference who your mother is. Some moms literally let their children eat them alive. While others leave their children to fend for themselves if they get sick or injured. *Animal Mothers!* takes a look at the best and worst mothers in the animal kingdom. Baby pandas are cute and cuddly, right? Well, their mother may not think so - find out what she does when she has more than one mouth to feed. Want to know what Octopus moms do with all those arms besides give great hugs? Wonder who's the laziest and most selfish mom? What about the vampire mothers - do you know who they are? Author Matthew Taylor explores these fun facts and more in *Animal Mothers!*, his latest book in the Planet Discovery Books for Kids series. Great for Mothers Day reading or anytime! Other books in the Planet Discovery Books for Kids series include *Snakes Alive!*, *Rabbits!*, *Reindeer!*, and *Leprechaun!*.
