Ashlynn's Dreams: Before she was kidnapped, Jillian Marie Antel Blairington was just an average bright, brave, headstrong child. She was excited for life in a new house with her Momma and new Daddy. Afterward, she's all that ... and so much more. Held in a scientific facility, Jillian discovers her past—a family she never knew and a power she doesn't understand. With her ability now activated, she can enter and even shape a person's dreams. Jillian's been kidnapped, and her Gift has been triggered, so she can locate and save Benjamin Connelly, a brother she never even knew she had. She'd better master this strange ability quickly, though, because her life isn't the only one at stake. Her babysitter, Danielle Matheson, is being held as a hostage to ensure Jillian's full cooperation. Slowly, Jillian begins to learn more about her captor and the other genetically altered children held at the facility. Join Jillian as she tries to survive the training being forced upon her, find her unknown brother, escape with Danielle, and work her way back to a normal life once more.

Nadia's Tears: Jillian must enter Nadia's dreams to wake her from a mysterious coma. In Nadia's dreams, Jillian meets several versions of her sister, including the elegant Queen Elena, fierce Naidine, and heartbroken Nadie. Meanwhile, Danielle must save her friend Christy from making choices that could get them both killed.

Malia's Miracles: How much is one life worth? Danielle Matheson faces a difficult decision: helplessly watch Christy's mother die of cancer or ask Jillian and her genetically Gifted siblings to risk their freedom to save her. Once committed to the cause, Jillian, Malia, and Michio turn their full attention to fighting the cancer, but more danger awaits them. Defeating the disease and dodging government agents soon become the least of their worries when measured against the race against time to rescue one

girl from certain death.
