

The Therapeutic Purposes of Reminiscence

I was impressed with the accessibility of the book, offering a guided tour through the history, context and purposes of reminiscence therapy, the range of applications from promoting social and emotional stimulation to reminiscence as psychotherapy. It also provides a brief overview of its theoretical underpinnings... As a book for health professionals interested in reminiscence work, it is a must for the shelf... most importantly it emphasizes the need for adequate training and supervision for those undertaking this type of work... the authors [also] provide a very good working guide to the assessment process - Aging and Health In this practical and accessible book, leading exponents of reminiscence work de
