

## THE BRETHERN SPIRIT

We all need to feel we have a spiritual meaning and purpose, by creating our spiritual direction in having goals and expectations, heading down a positive path that gives us something to hold on to every day. Your work and dedication toward your goals can intensify your sense of spiritual meaning and purpose. Be true to your spiritual self. Hold on to it and live your life with love and compassion as best you can, evaluating the things in your life that hold the most importance-your family, your friends, and your job. What it really comes down to is, know what you want and know why you want it, discover your talents and passions, and do not forget to use them every day.
