

Benjis Portal (The Travelers) (Volume 1)

An entertaining novel for young people and adults alike! Space travel, mystery, and a family feud.... Benji Haight comes from a gifted family. His parents intuitively know things, and his sister Lisa can sometimes read minds. Benji doesn't seem to have a gift. But when he discovers an ancient well near their new home, he finds it is a portal to the universe that only he can access. As Benji and Lisa begin to explore, they make friends across the galaxy. They also uncover a family mystery: Are they related to a boy that used the portal a century earlier? Was the boy's death an accident, or the result of a family feud as old as the town they live in? As the centuries-old feud threatens tragedy once again, Benji and Lisa turn to their parents for help, and exploration becomes a family adventure. Buy Benjis Portal today!
