

## Sully P. Snooferpoots Amazing New Shadow

Evolved Publishing presents the first book in the childrens picture book series featuring amazing new inventions from the world of Sully P. Snooferpoot. ~~~ Sully P. Snooferpoot has finally saved up enough money to buy a new shadow, which he is certain will make him an elementary school star. However, as he soon discovers, he is not the only one with a brand new shadow. ~ In fact, everyone else is so excited about their own new crazy shadows that no one even notices his. Sully grows increasingly upset with each new shadow he sees. ~ Then his best friend arrives and helps him to understand there is something he possesses that is much better than a new shadow. ~~~ EXTRA FEATURES: At the end of the book, find a special Shoe Shadow design that allows for your child to draw his or her own special invention. Additionally, parents will find a series of questions to help them get their small children to better transition to sleep time. ~~~ Watch for Sully P. Snooferpoots Amazing New Forcefield, the second book in a childrens picture book series featuring Sully and a host of amazing inventions, to release in the spring of 2016.
