

Preliminary Estimates of Acreages of Crop Lands in the United States Infested with Some Organisms Causing Plant Diseases (Classic Reprint)

Excerpt from Preliminary Estimates of Acreages of Crop Lands in the United States Infested With Some Organisms Causing Plant Diseases Twenty-eight States responded with some sort of estimate. In their replies, some Collaborators remarked that the request for definite statements of infested acreages furnished an opportunity and a reason for more concrete thought upon this subject than they had ever given it before. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
